

Assignment -3

Bucket And Watson assistant

Assignment Date	7 October 2022
Student Name	SRIJA J
Student Roll Number	713319CS143
Maximum Marks	2 Marks

Questions:

1.Create a Bucket in IBM object storage.

2.Upload an 5 images to IBM object storage and make it public. write html code to displaying all the 5 images.

Index.html

```
<!DOCTYPE html>
<html lang="en">

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Smart Fashion Recommender</title>
  <link rel="stylesheet" href="https://imagebucket-vk.s3.ap.cloud-object-storage.appdomain.cloud/style.css">
  <link rel="stylesheet" href="style.css">
</head>
```

```

<body>
  <h1>WELCOME</h1>
  <div>
    
    
    
    
    
  </div>
  <h1>GET STARTED WITH YOUR SHOPPING ----->  </h1>
  <script>
    window.watsonAssistantChatOptions = {
      integrationID: "f57d49f2-4606-4981-861d-e5852c61c253", // The ID
of this integration.
      region: "au-syd", // The region your integration is hosted in.
      serviceInstanceID: "aafc4048-50e1-4aa2-a877-e2c9d66a1422", // The
ID of your service instance.
      onLoad: function (instance) {
        instance.render();
      }
    };
    setTimeout(function () {
      const t = document.createElement('script');
      t.src = "https://web-
chat.global.assistant.watson.appdomain.cloud/versions/" + (window
.watsonAssistantChatOptions.clientVersion || 'latest') +
"/WatsonAssistantChatEntry.js";

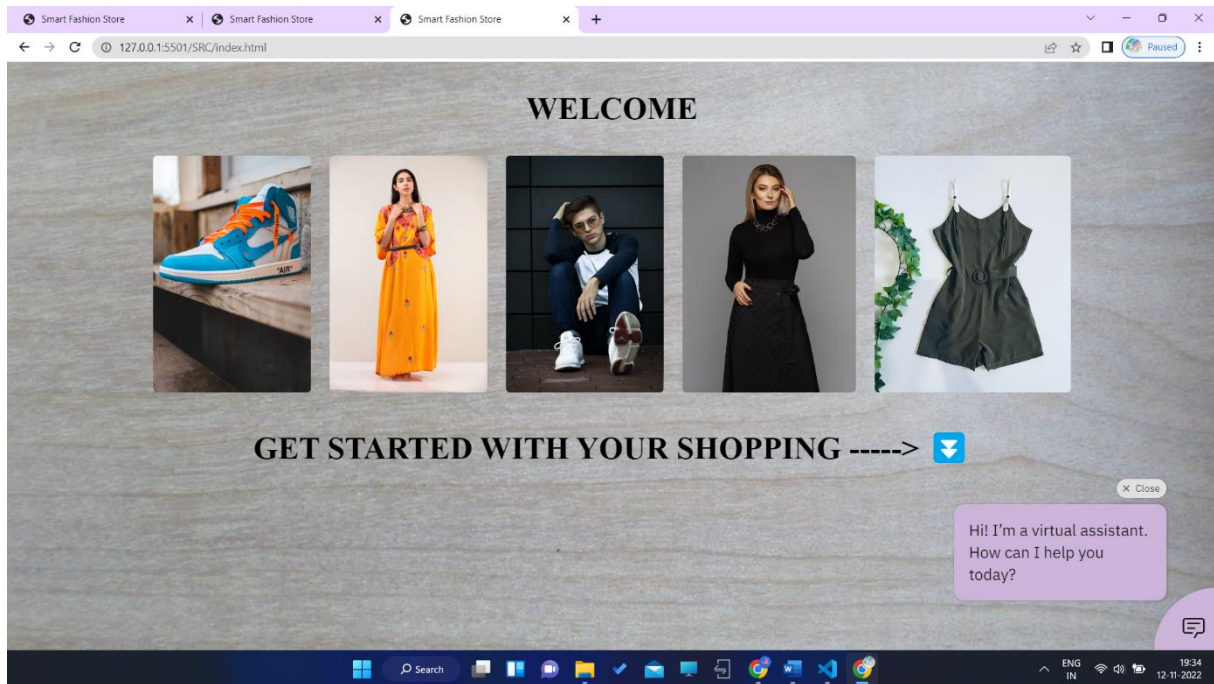

```

```

        document.head.appendChild(t);
    });
</script>
</body>

</html>

```

3.Upload a CSS page to the object storage and use the same page in your HTML code.

```

<!DOCTYPE html>
<html lang="en">

<head>
    <meta charset="UTF-8">
    <meta http-equiv="X-UA-Compatible" content="IE=edge">
    <meta name="viewport" content="width=device-width, initial-
scale=1.0">    <title>Smart Fashion Recommender</title>
    <link rel="stylesheet" href="https://imagebucket-vk.s3.ap.cloud-
objectstorage.appdomain.cloud/style.css">
</head>

<body>
    <h1>WELCOME</h1>
    <div>
        

```

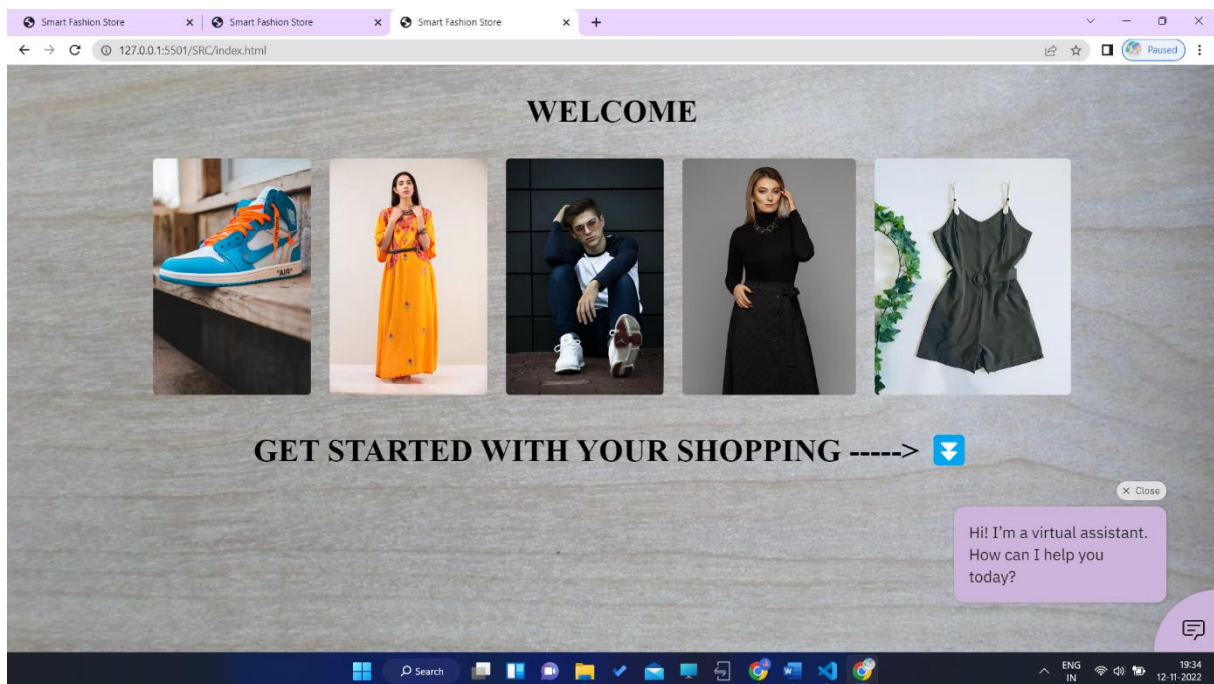

```

        
        
        
        
    </div>

</body>
</html>

```

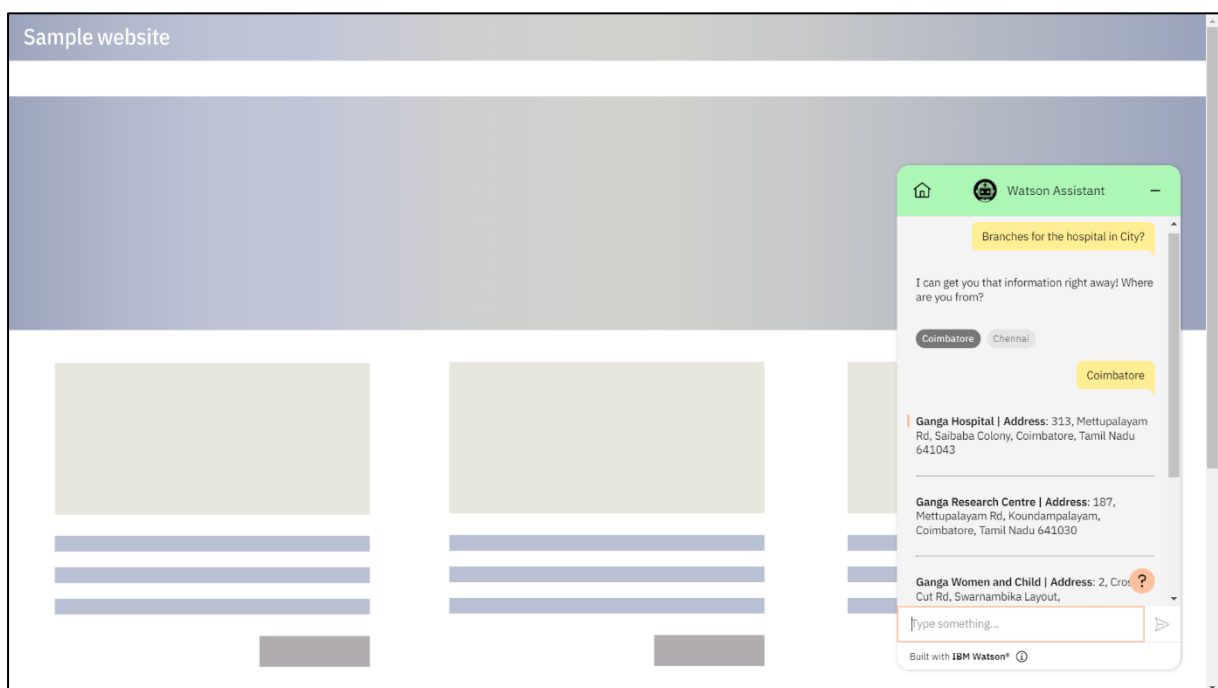

Output:

4.Design a chatbot using IBM Watson assistant for hospital. Ex: User comes with query to know the branches for that hospital in your city. Submit the web URL of that chat bot as a assignment.

URL : [Chatbot Link](#)

Image:

5. Create Watson assistant service with 10 steps and use 3 conditions in it. Load that script in HTML page

The screenshot displays the IBM Watson Assistant interface for a 'Shopping Bot'. The top navigation bar includes 'IBM Watson Assistant Lite', 'Upgrade', 'Shopping Bot', and 'Learning center'. The main workspace is divided into two panels. The left panel, titled 'Conversation steps', shows a sequence of steps for a conversation starting with 'Hai, I am looking for an Outfit'. Step 1 asks 'What Kind of Outfit are you Looking for?' with buttons for 'Ethnic' and 'Western'. Step 2 asks 'What Type of Western Wear you're Looking for?' with buttons for 'Dresses', 'Jumpsuits', and '+ 3'. Step 3 shows a confirmation step with a 'Confirmation' button. The right panel, titled 'Customer starts with:', provides instructions on how to enter phrases that start a conversation. It includes a list of example phrases: 'outfit', 'Hai', 'Dress', and 'Hai, I am looking for an Outfit'. A 'Preview' button is located at the bottom right of the right panel.

The screenshot shows the IBM Watson Assistant interface with a modal open for adding an image to a response. The modal is titled 'Include an image with your response' and contains the following fields: 'Source URL' (https://samyakkimg.gumlet.io/catalog/product/h/e/...), 'Alt text (recommended)' (Steel Blue Sequins Embroidered Silk Straight Cut S), 'Title (Optional)' (A custom title for the media), and 'Description (Optional)' (A custom title for the media). An 'Image preview' section shows a woman wearing a blue and green patterned dress. The modal has 'Cancel' and 'Update' buttons at the bottom. The background shows the conversation steps, with step 13 highlighted, showing a confirmation step with a 'Confirmation' button. The bottom of the interface includes a 'New step +' button and a 'Preview' button.
